## LIBRARIAN'S REPORT

The annual report of the library for the year ending March 1st, 1919 is herewith presented.

The library was closed for its usual repair work in August also on account of influenza for two weeks in October and again in November.

The general statistics are as follows:

No. of state books in library, March, 1918 .....	453
No. of state books added during year .....	21
No. of books in library, March, 1918 .....	2760
No. of other books added during year .....	111
No. of books discarded and sold .....	27
<hr/>	
Total .....	3318
Books delivered for home use .....	6394
Magazines delivered for home use .....	410

Respectfully submitted,

NELLIE WADE HALEY.

## Report of Fire Department

---

I report to the town in regard to its fire apparatus as follows:

Volunteer Fire Co., 50 men, 3 hose reels, 1 hook and ladder well equipped, 1400 feet of hose.

The town at present is without a fire alarm and if we should have a fire in the night we would have a hard time to get the boys together. Hoping you will give this some thought.

We have been lucky the past year as we have not had only one fire and that was so far out of the village we could not use our apparatus.

I hope we continue so in the future.

Respectfully submitted,

EDWIN D. YOUNG, Fire Chief.

## Report of School Physician

---

To the School Board of the town of Hartland.

The following is my report to you of the inspection of your school buildings and the examination of your pupils for the school year 1918 and 1919.

Only two rural schools were in session. The houses and rooms were in good repair and comfortable.

The Pleasant street school building is over crowded. There are 62 registered little ones in a room 22x38x11 feet with the only intake air coming from the cellar through the heat registers.

On a cold day the windows in the cellar are closed giving no free circulation of fresh air. This would give each person, including the teacher, a space of a little over 5x5x8 feet of tainted air.

In the examination of the pupils their conditions were classified as 1st, 2nd and 3rd. Only 3rd class conditions were reported to the parents, 38 pupils were reported who should receive competent medical advice at once.

The following is the medical examination in detail.

C. A. MOULTON, School Physician.

#### DATE OF VISIT JULY 14, 1919

No. pupils belonging—boys 117, girls 120; total 237.

No. pupils examined, boys 103, girls 101; total 204.

#### SUMMARY OF EXAMINATION

No. with defective vision, 21

No. with defective hearing, 16

No. suffering from malnutrition, 0

No. suffering from defective teeth, 11

No. suffering from diseased tonsils, 67

No. mentally defective (notable to obtain passing rank), 3

No. physically defective, 11

No. suffering from adenoids, 68

No. suffering from enlarged glands, 1

## Board of Health

---

### TO THE TOWN OF HARTLAND:—

We feel it our duty to say a few words at this time. In the spring of 1918 we made a house to house canvass of the village, and found the sanitary conditions very bad, and we asked every one to help us in improving the conditions, and we are glad to say, in most cases they responded, with the result that conditions were greatly improved, and it was not necessary for us to make the second call.

We know that the town is badly in need of a sewer system, and we hope the time is not far away, when we will have a system installed here.

At a meeting we decided it was best to consult with the Superintendent of School, and the Selectmen in regard to having the schoolhouses fumigated, with the result that each schoolhouse was properly fumigated, including the Academy. We have also fumigated and caused to be otherwise cleaned several other houses this year.

We have investigated all nuisances and where possible they have been abolished or at least made better.

Regarding the Influenza we certainly feel that we were very fortunate here in Hartland, to escape with so few deaths, and we feel very grateful to Dr. C. A. Moulton for his efforts, and advice. The addition of several new state laws has made additional work for us.

There still remains a large amount of work to be done, and we are already planning on a house to house canvass, of the town in the spring.

Now in conclusion will say lets all work together this year, and see that our own premises are properly kept and in so doing you will greatly assist us in our work, and we will all be greatly benefited by the result.

Respectfully submitted,

E. LEE FULLER

EDMUND E. DAVIS

EDWIN D. YOUNG

Due from the Goodspeed Estate .....	

You will note by the above report a list of the money that has been expended in the up-keep of the Cemetery together with the receipts for the year of 1918.

The committee thinks that the money deposited in the town as a Trustee that the income should be turned over to the Cemetery Committee and expended on the several lots under the direction of the Committee.

Respectfully submitted,

R. C. HAMILTON,

Clerk of the Pine Grove Cemetery Committee.

REPORT OF SUPERINTENDENT OF SCHOOL FOR YEAR  
ENDING MARCH 1, 1919

Gentlemen of the School Committee:

Directly to you and indirectly to the citizens of the town of Hartland I make my second annual report as Superintendent of Schools. In this report I shall speak of some of the larger matters which have occupied the attention of the schools this year and shall discuss briefly plans for next year.

We have a strong corps of teachers this year but in the case of the village schools neither teachers nor Superintendent have been satisfied with results because of the crowded conditions. A teacher cannot do good work in charge of three grades and fifty or sixty children. We should have only two grades to a teacher next year and are making plans for this.

The fundamentals of Education have received close attention this year with especial emphasis upon Reading. A year ago we adopted the Progressive Road to Reading by which to teach primary children to read. It has justified our hopes of it and we are getting improved results. In connection with strong work in Reading we have State Travelling Libraries in the Grammar and Intermediate rooms and the rural schools have been supplied from the Hartland Library. We have had the best juvenile literature and it has undoubtedly stimulated pupils' interest in books and school work. Parents do not always realize the value of good books for children nor the harm of bad books.

Because of our inability to secure a teacher we have been unable to teach Music and Drawing in the schools this year. We shall take it up again next year if possible.

We had only put the Fuller's Corner Schoolhouse in good shape when it was struck by lightning, making it necessary to do part of the work over. In accordance with the recommendation of the School Physician we have painted the Grammar room so as to improve the lighting greatly. We shall expect to do the same for the Intermediate room this coming year. The new furnace at the Pleasant St. School has given fine satisfaction and the new toilets installed in the Academy building have greatly improved conditions.

We are asking for a large increase in the Common School fund. This year's account would have been overdrawn by at

least \$600 if our schools had not been closed so long from the epidemic. Other small towns about us have been doing much better for their schools than we have. Hartland is prosperous enough to give its children the standard school year of 36 weeks. Altho our teachers have been paid more than last year, they have been the poorest paid workers in our town. We wish to retain our good teachers with an increase in pay and to fill the places of any others with promising material. We need more money then to bring up our school year to the standard and to pay our teachers more.

At the close of the school year last June, our text books were found to be in a deplorable condition, out of date and worn out. The School Committee examined the books in person and approved an order for better books which is responsible for the overdraft in this department.

One of the most important matters before you at town meeting will be the need of a new school room. In the last two years the attendance in our schools has increased from 156 to 200 and the attendance in the village alone from 116 to 172. We have not made adequate provision for this increased number of children with the result that our work is very seriously handicapped. I consider it impossible to do efficient school work in our village until we have another school-room. Hartland has a bright future industrially and is bound to grow. Under present conditions we cannot hope to teach our children as they should be taught.

The School Committee and Superintendent recommend the following appropriations:

For Common Schools .....	\$3500.00
For Text Books .....	300.00
For Repairs and Supplies .....	600.00

Now that the war is over and our attention is more closely fixed upon matters at home, we shall hope to keep our schools more in the public eye and to give people a better opportunity to observe what we are trying to do. In closing, allow me to express my appreciation of your support and good will in matters pertaining to the schools.

Respectfully submitted,

H. B. CLIFFORD, Supt.
